Case Study

Theresa

The challenge
Theresa lives alone and despite being very independent, found herself needing a little bit more help with daily life.

Our support
We provided companionship, help with medications and meal preparation and some light housework, all tailored to Theresa's needs.

The outcomes
Theresa's confidence and wellbeing improved and she formed a strong bond with all her regular carers. Her family has peace of mind that she is safe.

Positive future
Theresa continues to live independently at home, connected to her community and loved ones.

> "I think my **care** and **support** is as good as it can be! They are there for me and just so kind. I certainly would recommend **Alcedo**, because I've no complaints, **they are just kindness itself.**"
